Code of Business Conduct for members of the Authority and its sub committees

1. Introduction

The *Code of Practice for the Governance of State Bodies (2016)*¹ (“the Code”) requires that all state bodies publish a Board-approved and up-to-date ‘Code of Conduct’ for their Board members and employees. Certain matters are specifically required to be included in the Code. The Chairperson of each state body is also required to affirm in his/her annual report to the relevant government minister that Codes of Conduct for the Board and employees have been put in place and adhered to.

This Code sets out in written form the agreed standards, guiding principles and obligations that inform the conduct of members of the Charities Regulatory Authority (hereafter “the Authority”) and its sub-committees.

2. Scope

3. Purpose

The purpose of the Code is to:

- establish an agreed set of standards, ethical principles and obligations that will govern the manner in which the business of the organisation will be conducted by members of the Authority and its sub-committees;
- promote and maintain confidence and trust both within the Authority and with stakeholders; and
- meet the requirements of the *Code of Practice for the Governance of State Bodies (2016)*.
